

**PDC Gas Detector**

**GEM Gas Detector**

**Remote Gas Sensor**

# **GAS DETECTORS**

## **GEM Single Channel & PDC Multi-Channel Gas Detection Systems**

These gas detectors continuously monitor chlorine, ammonia or ozone at one or two remote locations. The units incorporate a digital display, audible alarm with silence button and two alarm relays, with sensors in watertight enclosures. A 110/24 VAC power supply is included. The detectors have electrochemical sensors in the following ranges. Chlorine 0-5 PPM, Ammonia 0-500 PPM and Ozone 0-2 PPM. Optional analog outputs are available.

### **CHLORINE GAS DETECTORS**

<b>Item No</b>	<b>Description</b>	<b>Price</b>
12 25 01	Single Remote Sensor	\$1501.50
12 25 02	Two Remote Sensors	\$2796.35

### **AMMONIA GAS DETECTORS**

12 25 03	Single Remote Sensor	\$1921.50
12 25 04	Two Remote Sensors	\$3512.32

### **OZONE GAS DETECTORS**

12 25 05	Single Remote Sensor	\$1921.50
12 25 06	Two Remote Sensors	\$3512.32

### **OPTIONS**

12 25 07	Remote Mount Strobe/Siren Combo	\$165.00
12 25 08	UPS power Back up System	\$399.50

## **Replacement Sensor Element for AST Series Sensors**

12 25 09	Chlorine	\$361.50
12 25 10	Ammonia	\$697.50
12 25 11	Ozone	\$697.50

Other sensors quoted on request.

**3 or 4 Channel or mixed systems quoted on request**
