Mendota 36" Lifeguard Chair

Mendota 48" chair shown with optional ballast

Mendota Portable Lifeguard Chairs

Made of plastic wood (high density polyethylene)

Mendota portable lifeguard chairs are made of plastic wood and come in two colours, white or sand. The chairs are available in two seat heights, 3' and 4'. They are shipped partially knocked down so some assembly is required. They are screwed together with stainless steel hardware. Plastic wood is heavy, and impervious to almost everything making it ideal for outdoor applications. FOB Factory.

| Item No | Description | Model | Price |
