## Spectrum's New Starting Platforms

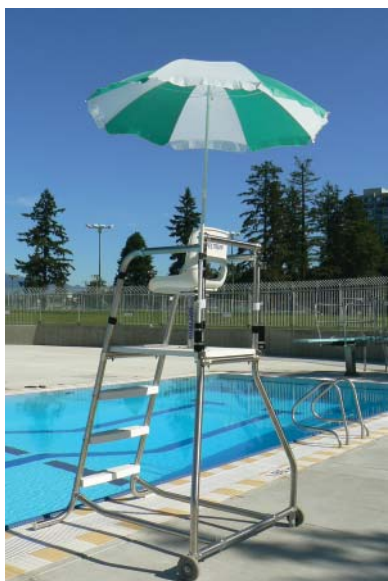

Spectrum has designed 3 new starting platforms for serious competition. They are the Fusion, Xcellerator, and a dedicated Omega compatible version of these. The Fusion is a custom block, based on the Grizzly, but with a Track Start Top and designed to incorporate the Colorado Relay Judging Platform in the top. It can also include the Colorado Connection Plate and Speaker. The Spectrum/Omega version is designed to incorporate the Omega versions of the timing equipment. The Xcellerator is the Grizzly with a Track Start Top and no electronics. All are FINA compliant, use the Grizzly anchor, and are designed for a set back of 18" to 35". These are all custom made. Please call with your requirements to receive a quotation.

## GUARD CHAIRS

### Discovery Movable Chair - Heavy Duty

Sometimes program needs or facility design make it difficult or impractical to use stationary guard stands. This lightweight yet sturdy unit enables the aquatic professional to cover any portion of the pool in moments. It is easily moved by one person due to the hard rubber rear wheels. The solid non-skid deck, wrap around rails and fibreglass swivel seat provide the user with comfort and security. Available in seat heights 5', 6' and 8' models with 1.9" x .065" stainless steel rails. Optional ballast used in outdoor locations with high wind periods. **FOB Factory**

Item No	Description	Model	Price
16 06 14	5' Discovery Chair - 1.9	20140	\$3477.95
16 06 15	6' Discovery Chair - 1.9	20160	\$3578.75
16 06 16	8' Discovery Chair - 1.9	20170	\$4133.50
16 06 20	Discovery Ballast	20145	\$365.00

## Sapphire Guard Chair

This affordable yet sleek style provides the sloped look with vertical rear entry. The space saving design enables minimal set back yet is ideal for roll-out gutters. Standard features include 6' seat height, deluxe fibreglass swivel seat, solid stainless steel construction (no cheap carbon steel support columns), non-skid platform, umbrella holder and ring buoy holder. **FOB Factory**

Item No	Description	Model	Price
16 06 03	Sapphire Chair -1.9	20085	\$2237.65
16 06 04	Anchor Kit	20021	\$117.15

**Sapphire Anchor 20021**

## Hyalite Style Guard Chair

This unique chair has been designed to comfort to OSHA regulations. All guard rails are a specific height and forward distance from the platform. The feeling of user security is immediately felt when sitting in the deluxe swivel seat. Features include rear entry ladder, 6' seat height, solid stainless steel construction (no cheap carbon steel support columns), anchors, non-skid platform, umbrella and ring buoy holder.

Item No	Description	Model	Price
16 06 05	Hyalite Chair - 1.9	20065	\$3317.25
16 06 06	Anchor Kit - 1.9	20013	\$199.50

Hyalite Anchor 20013

## Marshall Guard Chair

This movable chair is ideal for coaches, instructors, judges and guards who need to relocate their point of observation from time to time. It is lightweight, stable and affordable. The rear support legs are bent forward as arm supports for added comfort. The rails are 304 stainless steel with 1.9OD x .065" wall thickness. Unit includes deluxe fibreglass seat and rubber inserts. Ballast is optional and generally only required for application where high winds are common.

Item No	Description	Model	Price
16 06 09	4' portable chair - 1.9	20110	\$1723.50
16 06 08	6' portable chair - 1.9	20100	\$2012.50
16 06 22	Marshall Ballast	20148	\$395.00

## Torrey II Guard Chair

The Torrey II Guard Chair is light and readily Moveable. The platform is 34" x 34" and it comes with 2 wheels and a swivel seat. Three seat heights are available.

Item No	Description	Model	Price
16 06 10	Torrey II Chair - 36"	20211	\$2549.50
16 06 11	Torrey II Chair - 42"	20214	\$2645.00
16 06 12	Torrey II Chair - 48"	20215	\$3095.00

## Mendota Portable Lifeguard Chairs

### Made of plastic wood (*high density polyethylene*)

Mendota portable lifeguard chairs are made of plastic wood and come in two colours, white or sand. The chairs are available in three seat heights, 3', 4' and 5'. They are shipped partially knocked down so some assembly is required. They are screwed together with stainless steel hardware. Plastic wood is heavy, and impervious to almost everything making it ideal for outdoor applications.

Item No	Description	Model	Price
16 06 25	36" Mendota Chair	42022	\$795.00
16 06 26	48" Mendota Chair	45023	\$980.00
16 06 28	60" Mendota Chair	47747	\$1265.00
16 06 27	Mendota ballast	20180	\$295.00

## Lifeguard Platforms

These platforms are ideal for waterfronts, or large deck areas, and are large enough to have two or more guards on the platform at the same time.

On the Hilgard the platform is 34" wide by 63" long, and the seat height is 58". The platform weighs 250 pounds and has access ladders at each end.

The Observation Station is 58" wide by 62" long and the seat height is 42". The station weighs 185 pounds and has two wheels for portability.

Both units come with non-marking pads for deck use, and mounting brackets for a rescue buoy and umbrella. These are shipped knocked down and some assembly is required. **FOB Factory.**

Item No	Description	Model	Price
16 06 30	Hilgard	20121	\$4145.00
16 06 31	Observation Station	40923	\$4145.00

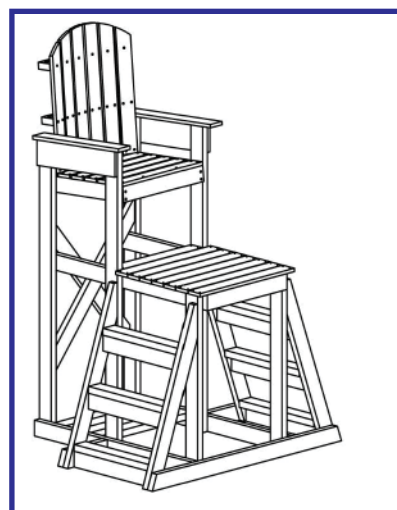

**Observation Station**

## Mendota 5'- Dual Step Lifeguard Chair

The same as the other recycled plastic Lifeguard Chairs but with a wider more stable base and dual access. **FOB Factory**

<b>Item No</b>	16 06 40
<b>Description</b>	5' Mendota – Dual Step Chair
<b>Model</b>	54481
<b>Price</b>	\$2047.50

## Economy Lifeguard Chairs

These lifeguard chairs are made of plastic wood, and sold knocked down, assembly required. They are suitable for indoor or outdoor use, and are bolted together with stainless steel hardware. Colour is as shown, no other choices are available. Two seat heights are available, 4' and 6'. Seat and platform width is 23", designed to accommodate one lifeguard. These chairs are heavy enough and stable enough to allow a lifeguard to stand provided the chairs are on a stable level surface. They are portable but require more than one person to move. **Fob Factory.**

Item No	Description	Price
16 06 50	Single Guard Chair 4'	\$1755.00
16 06 51	Single Guard Chair 6'	\$1917.50
