Item No	Description	Price
16 26 02	O Sanio Pool Clock - Wall Mount	\$454.50

SCALES

Balance Beam Scale

A good scale for weight rooms and workout areas. It has a large stable cast aluminium base and the 11" by 14" platform is covered with a non-skid rubber matting. It reads 0-160 KG or 0-350 lbs. The height bar reads to 200 CM or 78".

Item No	Description	Price
16 25 51	Balance Beam Scale	\$495.00

Digital Scale

This is a heavy duty scale with a large digital display that does well in tough environments. The base is 13.5" by 13.5" and made of stainless steel to last. The bright 6 digit LED display is mounted on a 40" post and measures 0-500 lbs or 0-250 KG, is powered by batteries and is accurate to 0.1bs. Levelling feet and auto-off are included and at 20 lbs it is easy to move.

Item No	Description	Price
12 25 60	Digital Scale	\$681.50

Commercial Floor Mount Heater FHS 15

HSH9 wall mount for smaller saunas

SAUNA EQUIPMENT

Sauna Heaters

Homecraft rugged floor mount heaters are made of stainless steel and are CSA certified. These heaters are designed with a free flow circulation system for quick preheating and fast recovery. Igneous sauna rocks and instructions are included with each heater. Dimensions for the floor mount FHS series commercial heater are 20" by 20" by 32" in height.
