Portable Vacuum with Filter

BKP vacuum cart is an excellent design. This vacuum is compact, it is sturdy & stable yet uses a very small footprint; 20 inches wheel to wheel measurement makes it easy to wheel thru doorways and easy to store when not in use. The BKP component list includes: stainless filter, StaRite pump, stainless steel cart and non-marking tires. One HP unit uses a 105 sq foot filter (5000 g/h) and 2 HP use 155 sq. ft. filter (8000 g/h).

Item No	Description		Price
14 20 04	BKP Vacuum 1 HP(110 V) 1½ "	10700	\$3295.00

14 20 05	BKP Vacuum 2 HP (220V) 2"	10720	\$3495.00
14 20 10	Replacement 155 sq ft cartridge	C-7697	\$161.75

Pricing, product information & delivery for gas powered vacuums up to 5 HP available on request.

AUTOMATIC POOL VACUUMS

DOLPHIN VACUUM LINE

Maytronics has introduced a new lineup of Dolphins for 2012 of which we are carrying three. They have addressed issues that have been brought to their attention and put those concepts into the Wave line. Pricing is also more competitive for 2012. All are zero depth compatible.

Wave 50

The Dolphin Wave 50 is a hard working vacuum that is designed to deliver performance and reliability at a reasonable price. It cleans from the floors to the waterline for complete coverage of the pool. It has a 4 hour cycle, swivel cord and 76' of cable to work most 25M pools. Complete with caddy cart, transformer & filter bag so it's ready to go. 24 months warranty.

Item No.	Description	Price
14 19 20	Wave 50	\$1,985.00

Wave 75

The Dolphin WAVE 75 is a completely new design that adds valued features while maintaining affordability. It adds a remote control to allow manual manoeuvring or access to a menu of cycle options. It can be programmed for a 2, 3, or 4 hour cycle time and comes with 100' swivel cord. Complete with caddy cart, transformer and filter bag. 24 month warranty.

Item No.	Description	Price
14 19 21	Wave 75	\$2,485.00
