

Aquatic Wheel Chair (Stainless Steel)

Our aquatic wheelchair is designed for use in shower areas on the deck and even in the pool. It works with a lift or a ramp to provide facility access from the change room to pool deck and back. An aquatic wheelchair eliminates one more barrier for use of aquatic centres.

USERS APPRECIATE

The wheelchair is most similar in style and function to a traditional wheelchair.

OPERATORS APPRECIATE

The low maintenance design and durability.

All chairs are fabricated from materials 100% compatible with swimming pool water. These chairs are suitable for daily immersion in swimming pool water.

The heavy-duty Aquatic Wheelchair is rated at 350 lbs. using a double cross braced stainless steel frame. The 24" wheel chair is rated for 500 lbs. Thoughtful features include: frame tubing that is bent in a radius to eliminate sharp corners and wheels (both front and back) are tough plastic 'mag' style wheels with non-pneumatic tires to eliminate maintenance.

Upholstery fabric is a mesh material treated to be both anti-fungal and anti-mildew. Arm rests swing up out of the way for transfers and footrests will fold up or can be removed for versatility. Chair is supplied with upper chest strap and lower nylon seat belts.

Order in one of three seat widths - 16" youth, 18" adult or 20" large adult

Item No	Description	Price
17 03 03	Heavy Duty Aquatic Wheel Chair - 16", 18" or 20"	\$2150.00

Aquatec Shower/Commode Chairs

This line of chairs is made of powder coated stainless steel, pvc, and vinyl, and can easily withstand submersion into the Pool or Hot Tub. The Ocean Standard Chair has a weight limit of 285 pounds, a seat depth of 18", seat width of 19", and seat height of 19-24". Even with the 24" rear wheels for self propelling this chair is only 26 1/2" wide. The XL version has an upgraded weight limit of 330 pounds, and increased width between armrests from 18" on the Standard model to 21" on the XL. The chairs come with height adjustable, swing away, or removeable footrests, and include the commode pan and lid. If not used these just unclip. The 5" castors have wheel and swivel locks, and the large self propelled wheels also have locks. All surfaces are smooth, easy to clean, and detachable. The chairs can be upgraded with a Soft Seat, and an Insert for the hygiene recess, depending on intended use. Chest Belt and Seat (Pelvic) Belts are available as options and include mounting hardware. The chairs come knocked down to save on freight, some assembly required. Accessories to be ordered with chair, otherwise there may be additional freight charges. Want one chair to do it all, consider the Ocean XL with 24" Rear Wheels, and some accessories.
