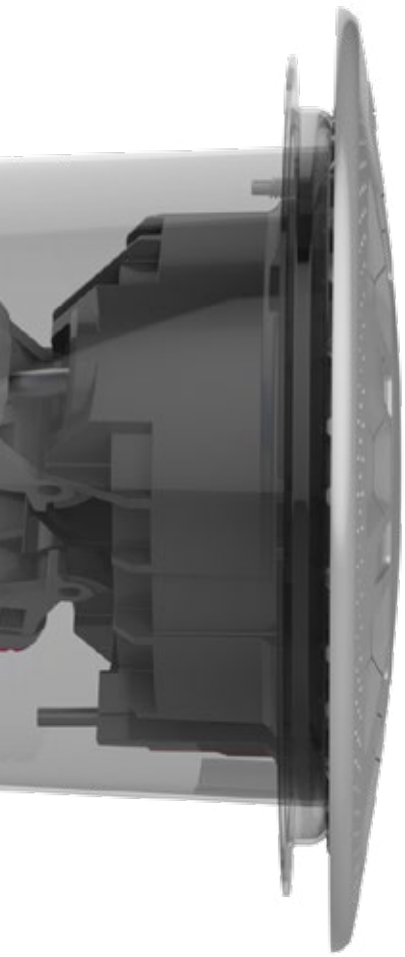
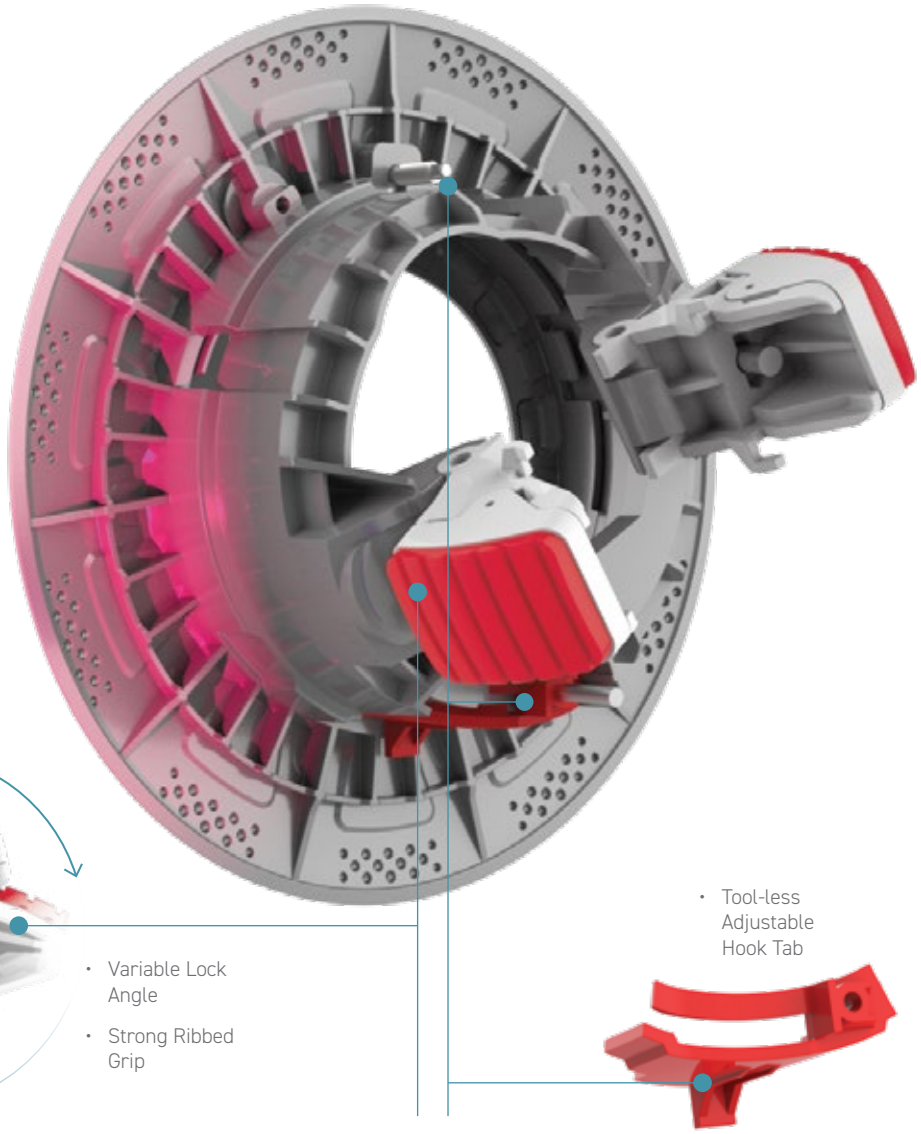
Spa Electrics®

Designed by Builders for Builders

The only **Retro-Fit** light for 6" Niches you will ever need





Interchangeable **CAM-LOCK** System

Simple and adaptable, the **R6** bracket has been designed to include **interchangeable CAM-LOCKS** to suit any 6" niche (ID 4.75 - 5.2 & 5.8 -6.6 (Q500 cam-locks required- R6C 006 Q5)).

There's no need for expensive repair work, as **Retro R6's Universal Adaptor** doesn't rely on intact niche mounting hooks or screws for installation.

It's **patent-pending CAM-LOCKS** grip the niche wall as they're fitted, pulling the light and niche together for a secure fit.

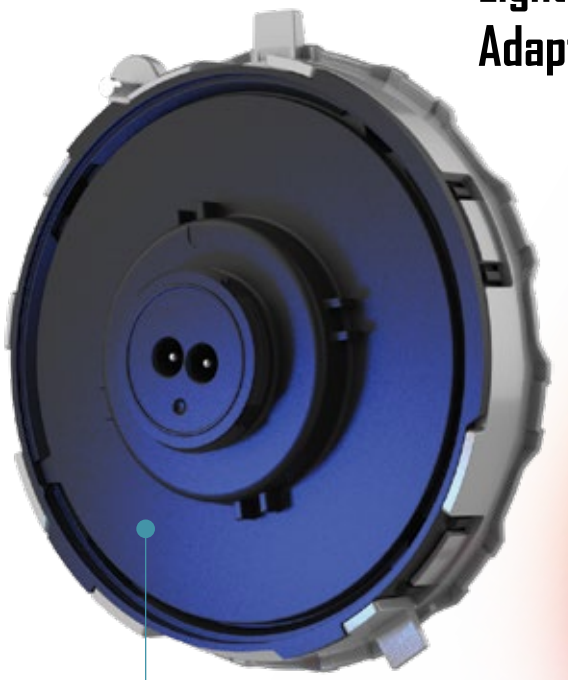
Standard Installation

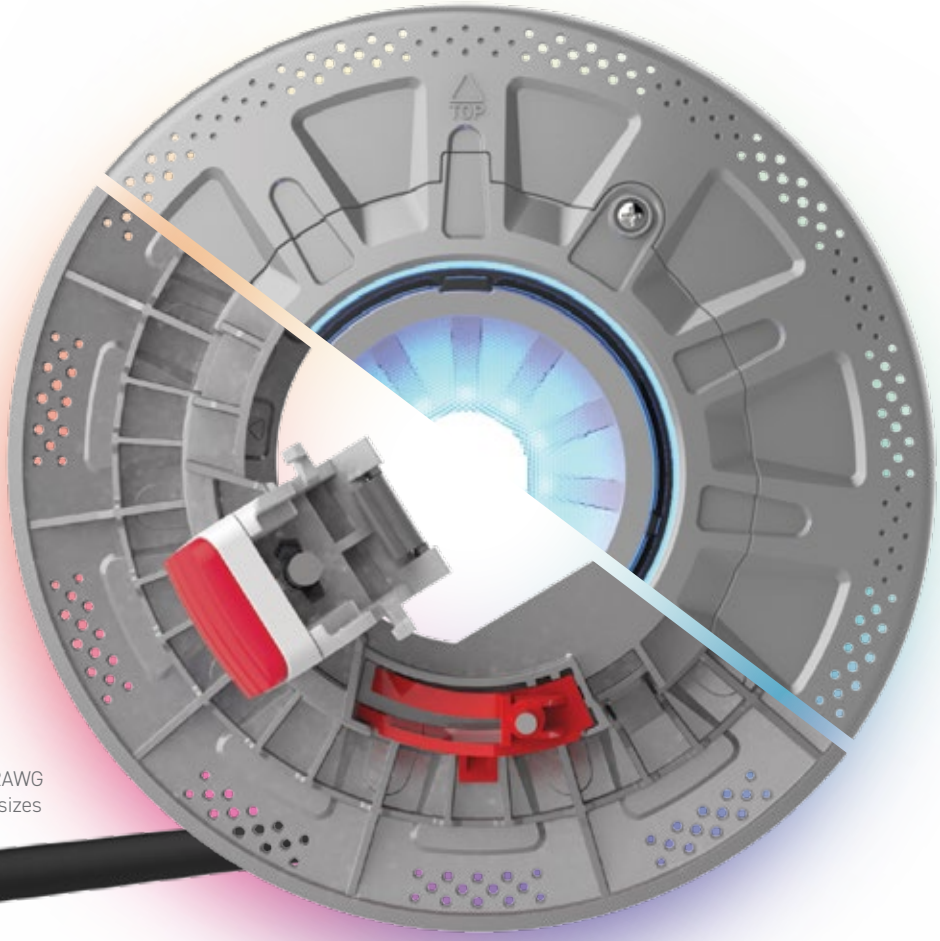
If the existing niche mounting hooks and screws are intact, **Retro R6** supports standard installation via the HOOK TAB at the base and the front facing screw at the top.

The **HOOK TAB** at the base adjusts to suit all major brand niche tabs, without the need for extra washers or spacers.

R6

Light Adapter





- Extra Safe Low Voltage 12VAC
- Suits 18-12AWG cord sizes

Quick Connect Plug

Say goodbye to changing cables forever with **Retro R6's Quick Connect Plug**.

Connecting to the existing pool light cable in the niche, the **UL Listed** Quick Connect Plug ensures fast and reliable installation while also enabling easier future servicing in the field.

The **Retro R6** light provides superior illumination to deliver a lighting solution for your pool or spa. The forward-facing Heat Sink along with the slim design and modern profile, maximises the longevity and performance of the light.
